Dear builder! Thank you for purchasing my instruction. I hope you will enjoy building it. Please, read the following information before you start building.

EN - this instruction is free to use, but I would be very grateful if you would support me by purchasing parts.
- this instruction is made in LEGO Digital Designer 4.3 and Stud.io 2.0. Some parts may not be available in the LEGO Pick a Brick service.
- all elements are numbered, so each part is easy to find in the parts list. Each step is divided into subsections, and each subsection has its own number. The first digit of the number is the number of the step.
- the parts list is divided into sections, and each section has its own number. The first digit of the number is the number of the section.
- the parts list gives a list, completely separate from the one from the entire thing.
- the parts list gives a list of the parts in the order in which they are used in the instruction. Click on the number of the part in the parts list to go to the step where the part is used for the first time
