English

To use your phone safely and effectively, please read the following before using.

To turn on the device, press and hold the power button for a few seconds.
To restart your phone, press and hold the Power button and Volume Up button at the same time until the screen vibrates. It displays the restart the phone.

How to Transfer Old Mobile Content to a New Mobile

If your old device is OPPO/OnePlus/realme, please open the "Clone Phone" app on your old device and follow the instructions to transfer your data. If your old device is not one of these brands, please search for "Clone Phone" on your new phone and follow the instructions. If your old device is an iPhone, you may also use the "Move to iOS" app to transfer data.

Regulatory

Please to search Regulatory: Go to Settings - About device - Regulatory.
